## School Board eyes school construction, expansion

BY DENA BISNETTE

The Hancock County School Board is looking at two alternatives for construction to house growth in the district—a new, centrally located high school and junior high campus and expansion at existing schools.

Either of the alternatives would have to be financed with bond issues, but the district plans to give voters both options when the request is presented to them in early 1986.

The board called a special meeting Saturday on the matter and plans a second special meeting after square footage specifications and cost estimates have been formulated by Architect Fred Wagner, who has been working on a long-range building program for the district since last year.

According to Superintendent of Education Terrell Randolph, the

district already has an option on 40 acres east of the Hancock County Vocational-Technical Center at Stennis Airport.

Randolph said the property would be available for a new school and is

well suited because it is in the geographical center of the county.

In addition, the county's population growth has been mostly south of Interstate 10 and the Kiln, where the vocational-technical center is located.

Randolph, who favors the construction of a new school, said having junior high and high school students together, rather than seventh and eighth graders at elementary schools as they are now, could improve both academic and extra-curricular offerings.

"It would be especially beneficial to the junior high students. We would have teachers with specialized certifications available where we are now making do with non-specialized kindergarten through eighth grade

## Supervisors to place load limit on Beach Boulevard

By BRENDA HEATHCOCK

Due to the "deplorable condition" of Beach Boulevard, the Hancock County Board of Supervisors voted Thursday to limit usage of the road to light vehicles.

The condition of the road is extremely hazardous and is 'an accident just waiting to happen,' Larry Seal, county engineer, reported.

"One of the box culverts is so deteriorated that it is going to collapse from its own weight," he said. Seal was reporting to the board on the general damage and the condition of the road following Hurricane Elena and Juan.

According to Seal, the 14 box culverts located between Sand Bayou and Washington Street are all in bad shape.

"Apparently the Corps of Engineers was doing some ex-

perimenting because the culverts are all different," he said.

Seal told the board that strangely enough the kind of construction which had best withstood the ravages of time and the sea were supported with crisco timbers.

The 18-20 metal cross drains in the same area are also very deteriorated, he said.

"I am very concerned with the use of metal culverts in sea water," he said.

"We have now reached the stage where we need a program of reconstruction," Seal said. "We have been patching that road for 15 years with band-aids."

"We need a plan of attack on what we must do now and a time frame in which to do it," he added.

Seal told the supervisors according to very preliminary estimates,

reconstruction would cost approximately \$1 million per mile.

Supervisor Roger Dale Ladner added that while planning a project for reconstruction of Beach Road south of Washington Street, repairs for North Beach also need to be included.

"If we are going to spend \$5 million to reconstruct the south end, I think we should add another million to fix North Beach," he said.

"Whatever needs to be done will take money and we don't have any available at this time," Supervisor A. A. Kellar, board president, said. "I think we need to wait until the money is available," he added.

The supervisors then discussed the seawall tax funds which are currently dedicated to bond payments

## Hancock residents get preview of beach improvement design

By BRENDA HEATHCOCK

A surprising number of Hancock County residents turned out for Thursday's public meeting on beach development proposals.

The crowd overflowed into hallways at the Courthouse where the hearing was conducted.

"We are very encouraged by this high interest because we need your opinion to finish the project," said John Scaddi, Technical Advisory Committee chairman.

"The purpose of this meeting is to let you all know we are at this point and to present to you a preliminary master plan for shorefront recreation," he said.

Slides of design developments of the shorefront in Hancock County were presented by Ace Torre, design engineer from Cashio, Chochran and Torre Design of New Orleans.

Torre's design showed extensive development in five areas along the coast, utilizing a dune structure and vegetation to prevent erosion of the beaches.

Torre said his design develops the areas to obtain maximum benefit and also keeps the project on a realistic footing.

One particular development design outlined a boat-launch and marina located immediately north of the railroad bridge.

"This would strengthen the entire economic basis of the downtown section," Torre said.

Torre told the residents the developments were designed to attract tourists and beach users away

from the residential shoreline areas. The major theme areas would be developed with new facilities, including restrooms, concessions and parking, he said.

The other areas where further development designs have been made include the Ulman Avenue Pier, around the American Legion Pier, near Coleman Avenue and beside the Buccaneer State Park.

All officials at the meeting stressed that these were preliminary designs to get input from and were not definite plans.

During the hearing Jeff Taylor from the South Mississippi Planning and Development agency presented the results of a public opinion survey of the Sand Beach Master Plan taken in August.

Of 12,000 surveys distributed through area schools and local chambers of commerce, 1,111 were returned.

Taylor said although this was only nine percent returned, this number is more than adequate for determining an accurate opinion of the public by survey standards.

The survey revealed that walking was the primary recreation beach activity. Other activities include (listed in order of high interest rate) sunbathing, swimming, pier fishing, wading, sightseeing, picnicking, boating, wade fishing, jogging, sports, windsurfing and rental equipment.

Only 88 of the persons returning surveys stated they did not think that they would use the beach more

often if improvements are made.

About 900 persons indicated they believe that revenues from existing taxes should be applied to finance the improvements and nearly 500 said they would consider an additional tax to finance the project.

Taylor said the attendance at the Hancock meeting was higher than at either meeting in Harrison County.

"This shows the magnitude of the issue in Hancock County where we have a severe road erosion problem and people are extremely aware of it and found out they have the opportunity to have input in the project," he said.

"They have the chance to have input into a plan to repair these facilities and they are excited about it and I think that is what brought the people out," Taylor added.

People are concerned about the protection and preservation of the character of Hancock County and ensuring that the plans are designed just for this area not being imported in from another county, he said.

Taylor said the next steps are to take what was learned from the comments at the public meeting, begin establishing some priorities and cost estimates and continue to work closely with the Corps of Engineers and the board of supervisors in coordination of plans for repair and implementation of some of these items.

He also said there would probably be another round of public meetings in January to present the final plan.

## Education forum

# slated Thursday

"Teacher and School Effectiveness," a videotape on how schools can improve their programs, will be the focus of a 7 p.m. education forum Thursday at Bay Junior High School auditorium.

Sponsored by Bay St. Louis Association of Educators as part of American Education Week, the program will feature as guest speakers Senator Gene Taylor and Robert Magee, Assistant Superintendent of Bay-Waveland schools.

Taylor will discuss the outlook for education in the upcoming

## legislative session.

Magee will address application of effective schools research to Bay-Waveland schools under the Education Reform Act.

Noting that commitment is needed from the legislature, the schools, and the public to achieve excellence in Mississippi's schools, association president Peggy Dutton said, "We are encouraged by the tremendous interest being shown by the community in quality education."

"We hope that all concerned

## Molpus requests attorney general to file suit against school board

Secretary of State, Dick Molpus, reports that he has formally requested the state attorney general to file a lawsuit against the school board and the superintendent of the Louisville Municipal Separate School District for failure to effectively comply with state sixteenth section school law.

Molpus stated that school board action Tuesday night was "in defiance of their trust responsibility to the school-aged children of Winston County."

Molpus, in following the procedure set forth in the Sixteenth Section Land Reform Act of 1978, said that the board of trustees and the superintendent have refused to void leases which they had previously reported to his office as being executed at below market rates.

Additionally, they have allowed the Winston County Board of Supervisors to halt the school district's leasing program and the renegotiation of voidable leases.

A summary of the surface acreage rentals for Winston County indicated that 99 percent of the acreage leased prior to 1978 was for less than one dollar per acre; more than half was for nine cents an acre or less.

Molpus said that even with the Sixteenth Section School Trust Lands Reform Act in place, well over a third of the leases executed during the past seven years have been for three dollars an acre or less.

In May 1981 the Board of Education began leasing farm residential acreage for \$3 an acre without regard to value and in violation of state law.

In June, 1984 the school board officially reversed this policy yet continues to permit the "\$3 per acre lease policy" to remain in force and effect.

In July 1985 the board of supervisors reaffirmed its 1981 policy of approving leases of sixteenth section lands at \$3 per acre for farm residential leases.

"The Office of Secretary of State has given the local authorities many opportunities and assistance in their efforts to resolve their problems," Molpus said.

"Obviously we would have preferred a local resolution of these issues. But the law is emphatic in its design to protect the interests of the

Winston County school children. I intend to see that law enforced."

### In Memory of

SANDRA NOTO NIXON

Died Nov. 17, 1984

A million times we've needed you, A million times we've cried, If love alone could have kept you, You never would have died. If earthly wealth were ours alone, We'd give it all and more, To see you driving up, And walking through the door. Just to hear you say you care And to be with you today, To sit and talk for a while, In the old familiar way. One golden heart has stopped beating, Your beautiful eyes have closed in rest, God broke our hearts to prove, He only takes the best!

## Red Cross assisting 87 disaster cases

BY DENA BISNETTE

The American Red Cross has been asked to provide disaster assistance in 87 cases in Hancock County in connection with flooding from Hurricane Juan.

According to Dorothy Biehlsien of the Hancock County Civil Defense Office, which served as a Red Cross Disaster Application Center after the hurricane, some cases are still being evaluated but more than \$11,740 had been spent on direct aid as of Thursday.

Jeffrey C. Dexter, a casework supervisor affiliated with the Red Cross' national office, said the Emergency Family Assistance included providing food, clothing, shelter, medical needs and household items for flood victims.

"We had to put about 10 families in hotels while their homes were cleaned up or repaired," he explained. The Red Cross has even donated

furniture in some cases.

He said all requests for assistance other than for immediate needs were checked by an inspector who visited the victims' homes.

"Verification is particularly important, especially since Hurricane Juan and Hurricane Elena were so close together," Dexter commented.

Initial estimates had shown that about 160 homes in the Bay St. Louis area had been damaged.

"We have had a lot of requests from unemployed people; the average number of elderly people for this type of disaster and a good number from people who have insurance but were unable to wait for that type of assistance," he said.

Applications were taken for about five days, the usual disaster center period after a hurricane. Taking applications required about 20 Red Cross personnel, mostly volunteers, Dexter said.

He added that many of the volunteers had been victims themselves prior to lending their services to the Red Cross.

Biehlsien said no more applications are being taken in connection

with Hurricane Juan at this time and verification procedures are expected to be completed soon.

### A SUDDEN TWIST

Yes; a sudden twist or jar can force a spinal bone out of place. This narrows the nerve openings between the spinal bones, resulting in nerves being pinched in the neck or back. When this occurs, and when the body organs which the pinched nerves supply become starved for their proper amount of nerve energy, they will malfunction, creating pain and disease in other areas of the body! Take the case of a boy who, when hit on the head, lost his hearing and later regained it when he suddenly turned and felt a pop in his neck! Or the case of a man who became ill in his stomach and after months of suffering, decided to try Chiropractic. We found a spinal problem pinching the nerve supply to his stomach. With our care, he recovered. Chiropractic may aid you to regain your good health too—why wait?

## Storm damages to fishing pier repaired in Bay

By ELLIS CUEVAS

Damages inflicted by Hurricanes Elena and Juan to the public pier at Ulman Avenue and North Beach Boulevard, Bay St. Louis have been repaired.

The repairs were completed on Thursday, and the facility is now open to the public, according to Hancock County District Five Supervisor James Travirca.

The pier was damaged by Hurricane Elena and repairs were already underway by P&M Construction when Juan caused additional damages.

Travirca said, "Funds for repairs to the pier came from my district and I am hoping to be reimbursed by FEMA."

The company repairing the pier is owned by Buddy Pitolo of Bay St. Louis.

**SPECIAL SPEAKERS**—Among the speakers addressing the 'Partners in Progress' program held at NSTL are, from right, Jerry Hlass, director National Space Technological Laboratories; John Mason, president, Hancock County Chamber of Commerce; Captain John Onorati, USN, NORDA commanding officer; Clarence Brown, NASA contracting officer; and Ron Carter, NASA personnel officer. Mack Herring, NASA public affairs officer was also a featured speaker. Workshops were held on contracting-procurement, Job Information Center, and Technology Transfer-Government Relations. Tours included NSTL Resource Center, Visitors Center, and NSTL Installation. The NSTL Visitors Center is open to the public every day of the year except Christmas from 9 a.m. to 5 p.m., Herring said. **CHECK FOR TOYS**—Hilda Bourg, Hancock County United Way vice-president, presents a check to Bay St. Louis Fire Chief Andrew Lizana, chairman of the Hancock County Christmas Doll and Toy Fund. The Doll and Toy Fund is one of the 15 agencies funded by the Hancock County United Way. Last year over 500 boys and girls in the Bay-Waveland, and Hancock County area had a much brighter Christmas because of the fund. Lizana reports that he is already receiving names of deserving youngsters and preparing for this Christmas. Firefighters repair and repaint used toys and also receive some help from Senior Citizens on sewing new clothing for dolls. Persons with toys their children have out grown are asked to leave them at the Bay St. Louis Fire Station, Old Spanish Trail and Booklet Street. They will be put to good use in helping make a youngster have a better Christmas. (Staff photo by Ellis Cuevas).

### One school system could eliminate much duplication

The necessity of having to construct classrooms for both school systems in Hancock County is going to be unnecessarily expensive to the taxpayers.

All indications show a shortage of classroom space at just about every school facility in both systems.

This would be a good time for the school board members of the Hancock County and the Bay St. Louis Municipal Separate School Districts to sit down together and discuss the possibility of combining the systems.

The overriding reason to consider consolidation at this time is the issue of economy—the opportunity to save tax dollars on the construction programs so desperately needed in both systems.

New construction by both systems could easily end up in unnecessary duplication, especially with the existence of a strong possibility that the county could be forced to consolidate later under the Education Reform Act.

When taxpayers think about the amount of duplication which could be eliminated, the better quality and variety of subjects which could be offered to our children, not to mention the savings in tax dollars, they could hardly fail to favor one school system for the entire county.

As mentioned in an editorial last month, a site could be selected for a central high school for the entire county.

The construction of such a facility would allow use by lower grades of the buildings now occupied by high school students and eliminate the need for construction at the junior high and elementary facilities.

It is much more cost effective to construct one building than to have to add to many others.

School board members for one school system could be selected on an equitable basis, so all of the residents could be equally represented.

Time is now for the residents of Hancock County to look to the future, and a good start would be with one school system.

### Unhappy Diamondhead resident foresees exodus

Let's learn to crawl before we walk!

Admittedly, all of us do not have to do this (that is to say, crawl first,) but who is to say that it's not the best way?

In reviewing the affairs of the past nine months under the new management of Diamondhead Property Owners, I am reminded of the many fresh college graduates who step forth expecting to start their careers at the top of the heap. What has happened to the reality that you don't start at the top, you work up to the top?

Our new Diamondhead administration has tried to start at the top and we are beginning to stumble in our walk, that really is almost a jog.

In the Oct. 18, 1985 open board meeting we were told:

1) Dues are to be increased from \$23.50 to \$28 a month. This was not unexpected since we know that expenses have increased. We were promised that this would not be necessary, but - promises, promises, promises!

2) Most of the amenities are operating in the "red." Why?

Well, let's see. The price of food stuffs has increased but not that much in the past year.

The preparation and serving of food! Here is where the cost has been padded. So we don't eat out, most of us, as much as we used to. We stay at home. It's prepared better at home anyhow.

Our community can boast of some of the best cooks in the country.

Maybe they would not want the job of cooking for the Country Club or Yacht Club, but I'll bet they would be pleased to be asked to lend their expertise to someone who would do the job of cooking and serving.

And what about a soup, sandwich and salad bar for lunch?

There are good caterers in this area as well as Morrison's buffet. These would solve the problem of a high-priced chef and his entourage of attendants or assistants.

The Happy Hour which was instituted was a great inspiration—two drinks for the price of one.

Great - but a lavish Hors d'oeuvre Table? Nice, but costly. So, many ate hors d'oeuvres and skipped dinner.

What did this accomplish? Not even good will.

Popcorn and a little cheese and crackers would have been sufficient.

There are many ways of cutting food costs and serving if they are sought for. Remember, we are crawling so that in the future we can walk.

### Retailers appalled at power company rate hike request to cover hurricane losses

To The Editor  
The Sea Coast Echo  
Bay St. Louis

Dear Sir,

The retailers in Mississippi, especially those on the Gulf Coast recovering from Hurricane Elena, were shocked at Mississippi Power Company's rate increase request.

The basis for their request, apparently, is to recover from their ratepayers and other victims of the recent hurricane the cost of their damage plus recovery of revenues lost while their customers were out of business.

This is, in our judgement, a callous strategy to benefit from a natural disaster and ought to be summarily rejected by the Public Service Commission.

Just a few weeks ago the Southern Company, parent company of Mississippi Power Company, reported record earnings through the first seven months of this year. It earned \$479 million or \$1.87 per

Dear Sir,

We at Biloxi Regional Outreach and Yellow Cab Company are once again making plans for our holiday free taxicab and towing service for Christmas Eve and New Year's Eve.

We're pleased that this year's program will be expanded to include Pass Christian, Bay St. Louis, Long Beach, Ocean Springs and North Biloxi to I-10, as well as the Biloxi and Gulfport combined city limits. The program's expansion is based

Golf fees are, to say the least, exorbitant. Why? So we can afford a golf pro - well and good, but two assistants at this stage of the game? Of course, there is course maintenance to be taken care of.

And we residents are told that we must pay fees for a full year or not at all. This kind of ultimatum sticks in the "craw" so to speak. Remember, we residents are the backbone of the community! There are residents who cannot use the golf courses during the heat of the summer months. Why can't these residents, if they so desire, pay a fee for, say six months, or at one-half the yearly fee?

Six-month fees are accepted in cases of golf packages for "Snow Birds" and others at one-half yearly fee.

Our developer did this for us. The developer of Diamondhead realized that half a loaf is better than none. Wonder where he learned that? We bitched a lot about the developer but - maybe he wasn't so bad after all.

Are we being priced out of business? There are many small niceties that we as residents are no longer permitted to enjoy - the small things that make a big difference.

For instance:

1) Forbidden to take walks on golf course.

2) Forbidden to ride, pleasantly, in golf carts on golf course (paths, of course) in the cool of morning and late evening.

3) No golf carts on main thoroughfare. Fine. But three-wheel bikes and other vehicles race on the thoroughfare at no fine or restriction.

4) Pro Shop TV - where is it and why? Golfers and others enjoyed it.

5) Rangers of golf courses, if residents, could add much rapport with golfers who are playing, residents, guests, or visitors. Rangers should be residents, if available.

All of the above, if relaxed, could make for a happy, neighborly community to which many people are and will be attracted. This community was designed as an easy-going, happy place where we and others came to retire and relax away from the regimentation and restrictions that bound us most of our adult lives.

When can the adult residents of Diamondhead expect to be recognized as knowledgeable, responsible citizens?

Let's hope it's soon, or there may just be an Exodus. Many of us are unhappy as is.

Sincerely,  
M. Francis Mayfield, MD  
Diamondhead

### Many people go out of their way to protect pets and wildlife

Nov. 2, 1985

As a member of the Hancock County Humane Society, I was, of course, shocked and angry at the terrible slaughter of the animals that washed up on our shores during Juan.

As terrible as the behavior of the persons involved in the killings, I must say a word about the other kind of people who worked long, long hours to protect the animals from their killers and who helped trap them and set them free away from the baseball bats, guns, etc.

Special mention must be made of members of the Humane Society and to Dwight Bradshaw, Don Harvill and Keith Mullin.

A few days later, driving along Beach Boulevard, I observed two men on the beach obviously trying to catch something. I immediately

stopped-fearing perhaps a raccoon had found its way back to the beach.

To my delight, however, the two men were trying to catch a fish caught in a small pool of water. The fish was eventually caught and as I got back into my car I saw one of the young men walk out to the Gulf to let the fish swim away.

Another incident - a member of the Humane Society reported that on Highway 90 just recently several people were involved in stopping the flow of traffic until an obviously very pregnant raccoon crossed the road and disappeared to safety.

One hears so much of the cruelty to animals and heaven knows there is a lot of it going on. But I do think recognition should be extended to the many people who go out of their way to help protect our wildlife and pets.

On Tuesday Hancock County electors from half of the county will select a Justice Court judge.

This is a very important election, as a very important position is to be filled.

Two weeks ago when there were six candidates in the race, less than 20 per cent of the qualified electors took time to cast a ballot.

Now there are two candidates left, and we are hoping there will be a large voter turnout.

The position to be filled is Justice Court Judge-East.

So, if you are qualified to vote, please make an extra effort to vote for the candidate of your choice on Tuesday.

The rebuilding of the Ulman Avenue Pier is good news for many fishermen.

This is one of the better times of the season to fish from the pier which received heavy damage from Hurricane Elena and while under repair, received more from Hurricane Juan.

Hancock County Supervisor James Travirca, whose district funded the repairs, said the work was completed on Thursday.

We noted on Friday and Saturday many fishermen already taking advantage of the structure.

We know Buddy Pitalo, whose company repaired the facility, and his crew must be in good physical condition, as the one quarter of a mile to the end is a long, healthy walk.

We are glad to see the pier is ready for fishing, and we will be giving our luck a try soon.

We are hoping area businesses will take advantage of anti-shoplifting seminars to be held on Wednesday and Thursday of this week.

The seminars are co-sponsored by the Hancock County Chamber of Commerce and the County Extension Service.

Two programs are being offered, one Wednesday night at 7 p.m. at the Waveland Civic Center, Coleman Ave., and the second on Thursday morning at 9 a.m. at Coast Electric's Crew Room, Main Street, Bay St. Louis.

Admission is free, so if you are unable to be at one, we are hoping you and your sales people can make the other.

Christmas shopping means an increase in shoplifting, and that does not just happen in Hancock County only.

It is a nationwide problem and the honest citizens end up paying for the crime of shoplifting. An outstanding selection of speakers have been chosen for the seminar, and there will be question and answer periods.

Advance registrations can be called in at the chamber's office, 467-9048.

# Pirates refuse to be whitewashed by District VIII-AAAA champs

By EDGAR H. PEREZ

Pass Christian's Pirates closed out the 1985 high school football season Friday, turning in a respectable performance against the powerful, state ranked D'Iberville Warriors.

The Pirates entered the fray minus the services of senior quarterback J. W. Dedeaux who was injured in the previous week's contest against Long Beach.

And early on in the first quarter of Friday's event, split end Manuel Dedeaux who was J.W.'s primary aerial target, sustained an ankle injury as he was filling in at the qb position.

Manuel had to be taken from the field by family members to have the injury x-rayed.

With those offensive mainstays out of action, Pirate head coach Alton Wright called on linebacker and kicking specialist Rod Jenkins to fill in at quarterback.

Trailing 23-0 at the half, the Pirates returned to the field with powerhouse runner Winston Ausmer calling the shots from the single wing.

Playing before a full house in the fog-shrouded D'Iberville High Stadium, the Pirates initiated a scoring drive late in the third period after the Warriors were forced to turn the ball over on downs at the Pirate 31.

Ausmer stole the show at this point, apparently able to crash through the D'Iberville defenses virtually at will.

In 13 carries, Ausmer led the Pirates to the Warrior five before darting in for a touchdown on a 15-yard run two and a half minutes into the final period.

Ausmer's attempt to run for two was unsuccessful.

The Pirate touchdown drive included, in addition to the series of runs by Ausmer, an Ausmer pass completion to Kevin Charlot for six and a 15-yard advance and first down after the Warriors were called for interference on an Ausmer to Greg Smith pass.

Warrior quarterback Derek Bass posted the first score for his side at the close of the first period on an 11-yard run which capped a 57-yard drive.

Bass added the extra point with a clean kick through the goal posts, the first of four PATs he posted in the game.

A blocked punt early in the second period gave the Warriors two more points on the score board and a 9-0 lead.

Split end Robert Goff posted a second Warrior touchdown with a 27-yard run with nine minutes left in the half.

Bass added his second PAT for a 16-0 D'Iberville lead.

Warrior running back Larry Hardy added six more four minutes later and Bass was again unerring with his kick, putting the District Champion D'Iberville out front 23-0 at intermission.

Bass opened the second half show with a spectacular kick off return from his own 25 to the Pirate 12.

Three plays later running back George Holley plowed over from the one and Bass added the extra point.

The Warriors now are leading 30-0 three minutes into the second half.

**INTERFERENCE**—Officials ruled D'Iberville split end Sean Hebert (20) interfered with Pass Christian Pirate Tailback Greg Smith's attempt to catch a Winston Ausmer pass at the Warrior 15 early in the fourth quarter of Friday's game at D'Iberville. The Pirates capitalized on the opportunity to post their only touchdown of the contest four plays later on a 15-yard run by Ausmer. (Echo staff photo by Edgar Perez)

quarter score, Warrior split end Sean Hebert intercepted an Ausmer pass at the D'Iberville 30 and snaked his way 40 yards to the Pass 25.

That run set up a seven-yard scoring plunge by Warrior flanker Chad Hebert with 12 seconds left in the game.

After a distracting five-yard procedure penalty, Bass missed his fifth try at the extra point, leaving the final score at 36-6.

The Warriors take their District VIII—Class AAAA championship into state playoffs Friday on home turf.

## DEPRESSION

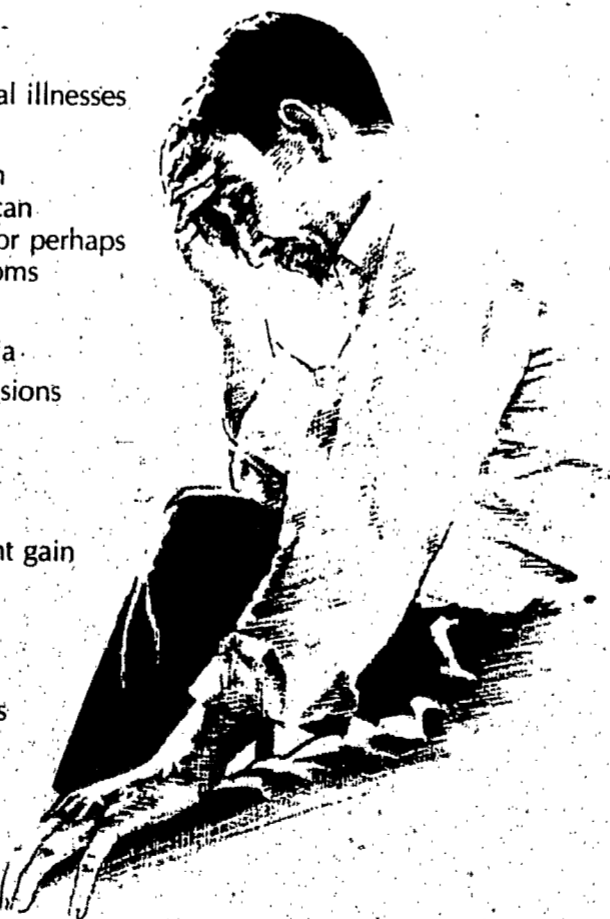

One of the most common of mental illnesses and one of the most treatable.

When does a temporary depression become a clinical depression? How can you tell when someone you love — or perhaps yourself — needs help? These symptoms are easy to recognize:

- Sleeping too much — or insomnia
- Confusion, inability to make decisions
- Loss of energy, fatigue
- Guilt feelings, lack of self-worth
- Lack of interest in work or play
- Loss of weight or excessive weight gain

In The Pirate-Warrior contest, Pass posted nine first downs to 12 for D'Iberville.

The Warriors accumulated 257 yards rushing to 156 for the Pirates;

and 12 yards passing to five for Pass. D'Iberville did not find it necessary to punt; Pass averaged 28 yards on three punts.

The warriors lost two of three fumbles and Pass recovered its only bobble.

The Pirates lost 20 yards on penalties and Warriors were set back 40 yards on four calls.

The Pirates attempted nine passes, completed two and had three intercepted; D'Iberville completed its one attempt.

## Tigers win hoop opener 75-61 over East Central

BY DENA BISNETTE

The Bay High Tigers started their 1985 varsity basketball season Thursday with a 75-61 victory over the East Central Hornets.

"The Tigers played real aggressive basketball. They hustled a lot," head Coach Barney Nicaise said.

"They had to hustle because this

year we have a very inexperienced team without much playing time, but they did a good job."

Junior Andre Daniels was the leading scorer for the Tigers with 24 points.

Senior Martin Elzy was second with 14 points for the game, followed by Lawrence Thomas with 12.

Also scoring for the Tigers were

Kirk Johnson with nine points, Shane Fielder with eight and Darryl Wilkerson and Lawrence Favre with four points each.

The Tigers host Vancleave Tuesday night. The Junior Varsity game begins at 5:15 p.m. and will be followed by a girls' game and a varsity game.

As the autumn weather becomes more winter-like, many people will move indoors to exercise. Racquetball, squash and tennis are sports in which they might participate. The games provide a good workout and are fun. Whether it be squash, tennis or racquetball, there are tips you can use to improve your game.

The foundation for these sports is aerobic endurance. You must have a strong heart and lungs in order to play well and not fatigue before a match has ended. To develop your cardiovascular system four considerations need to be noted: 1) type of exercise, 2) frequency, 3) intensity, and 4) duration. The type of exercise should be aerobic in nature and should use the large muscle groups. Swimming, cycling, jogging and dancing are all good aerobic exercises. How often you exercise is the same as frequency. The minimum amount required is three times per week, four to five times is better. Intensity is how hard to work. The recommended intensity is 70 — 80% of your maximum heart rate. This is determined by subtracting your age from 220, then multiplying that number by 7 or 8. You will have to check your heart rate during the exercise session to know whether you are working in the proper range. How long must you keep your heart rate up to gain benefit? The duration should be 20-30 minutes. These guidelines will give your heart and lungs the exercise they need.

Other aspects of physical fitness are muscular strength, flexibility, speed and power. There are many exercises that can develop these skills. By using barbells or isokinetic weight machines, you can strengthen the following muscle groups with these exercises: squats to strengthen the gluteals (buttocks), quadriceps and hamstrings (thighs); pullovers to strengthen the latissimus dorsi (back) and pectorals (major chest). The deltoids (shoulders) and triceps (back of the arm) can be strengthened by doing presses. The bench press will strengthen the chest, back and arms. The bicep will grow stronger by doing bicep curls. Bentover rows will strengthen the upper back, while dead lifts will improve strength in the lower back. Abdominal exercises should be done to make the stomach muscles strong. These would be bent-knee sit-ups, abdominal curls and single leg lifts.

These are just a few of the exercises, stretches and conditioning tips that can help you to enjoy your racquet sports. The coach or pro at the local tennis center or racquet club can give you more detailed information and advice. © 1985 Spartan Features

# Chevis, Dobson to compete in Justice Court run-off

**BY DENA BISNETTE**  
Polls in Hancock County's Justice Court East District will be open Tuesday from 7 a.m. until 6 p.m. for a run-off election between John Chevis Jr. and Joseph Dobson. Chevis received 808 votes in the Nov. 5 election for Justice Court judge, East District, and Dobson received 506 votes. Precincts included in the run-off are Crane Creek, Standard, Dedeaux, North Bay West, Diamondhead, City Hall, South Bay, Central School, Courthouse, Edwardsville.

Fenton, Kiln East, North Bay East and West Shoreline Park inside the Bay St. Louis City Limits.

Voters at North Bay East will report to the Bay St. Louis-Hancock County Library, since the precinct site for past elections, the St.

Augustine gymnasium, has been removed. All other voters will report to their usual polling places. Hancock County Election Commission Secretary Charles F. Gottschalk said that voter turnout in the district totalled about 18 percent for

the Nov. 5 election. Turnout is expected to be somewhat lighter for Tuesday's run-off because four other candidates have been eliminated. They included Joseph M. Bermond, James Davis, James Garriga and George Burleson.

certified people," he added. The new school would, in order to facilitate growth, have to have at least between 42 and 45 classroom and support facilities. Current estimates place the cost at somewhere near \$4 million. The second alternative, expansion at existing campuses, has been estimated to cost \$6.2 million, but the board plans to get a more recent estimate because those figures are more than a year old. The expansions would have to include facilities for kindergarten. Current estimates on district growth, Randolph told the board, indicate no need for expansion at Charles B. Murphy Elementary in Pearllington, although some renovations are needed. At Gulfview Elementary in Lakeshore, construction is under way on a six-classroom, two-restroom addition. However, that addition will handle only the present student population. Additional expansion needed will include six more classrooms if seventh and eighth grades are moved to a different campus. If the two junior high grades are retained, the school will need eight more rooms and additional cafeteria space. Hancock North Central also needs expansion if the new school alternative is not selected. "We have had a 20 percent increase during the last three years at Hancock North Central when most schools in the state are losing students," Randolph explained. Randolph said he and the principals at each school involved plan to prepare sketches of specific space needs for the architect within the next two weeks.

used for industrial development. Seal told the board according to figures released to him by the county's bookkeeper there should be sufficient funds available to retire the bonds by January, 1988. At this point seawall tax funds could be applied to the beach road reconstruction project, he said. "We are to the point of where we can close the road down or fix it," Supervisor Bert Courge said. "We can not keep postponing the problem—this is something we need to address," he said. "We can not repair it any more," he added. Courge told the other board members he believes they can get the legislation passed for the project. "I don't know how we can keep Beach Road open if we are not in the process of getting it fixed," he said. "We all know that it is not safe to drive down Beach Road," Courge said. Without beach road there is no need for a sand beach or the Bayou Cadet project, he said. "If we have to close beach road it will be cutting out the heart of Hancock County," Courge added. The board did not take any action on the beach road reconstruction project but did instruct Attorney Walter J. Phillips to check into the "bond situation" to see what kind of funding may be available. In other business the board: —Approved a request from the Parks and Playgrounds Commission to name a pavilion at McLeod Water Park after the late J. Norton Haas Sr. —Presented a plaque to the family of Mr. Haas which will later be placed in the courthouse commemorating Haas for his many services in the county. —Accepted a bid for \$10,864 from Schuffert Pontiac for a four-door sedan for the sheriff's department. —Discussed a cooperative effort with the City of Bay St. Louis to keep Central Avenue open. Supervisor Sam Pernicaro said due to work by the county, the street had never been closed. —Passed a declaration agreeing to provide 25 percent matching funds to any funds the county may receive from the Federal Emergency Management Agency.

US-90 FATALITY—Hancock County Coroner Harold Stiglet finishes a preliminary examination of the body of Justin Turner, 61, of Marrero, La., as funeral home personnel prepare to move it. ## Pedestrian death termed unavoidable

BY DENA BISNETTE  
Authorities have determined that an accident in which a pedestrian was killed while crossing US-90 near Arnold Street in Waveland Wednesday night was "unavoidable."

The pedestrian has been identified as Justin Turner, 61, of Marrero, La. According to Hancock County Coroner Harold Stiglet, Turner had been discharged from the Veterans Administration Hospital in Gulfport Wednesday morning and was apparently enroute to New Orleans to visit a relative when the accident occurred.

John Wilkerson of the Waveland Police Department said a witness at the scene said Turner stepped off the median into the westbound lane and was struck by at least two vehicles.

Stiglet listed the cause of death as multiple injuries and said Turner was killed on impact.

One of the drivers involved was identified as Vernon Holder of Lumberton.

Wilkerson said authorities feel that the accident was "unavoidable" and no charges against either driver are being considered.

## Highway traffic signs, signals to be repaired

By BRENDA HEATHCOCK  
The Federal Highway Administration has released \$720,000 in emergency funding to replace and repair traffic signals and road signs which were damaged by Hurricane Elena. Congressman Trent Lott reported late Friday afternoon.

The money will be earmarked for those counties which were designated disaster areas by President Ronald Reagan, the Congressman said.

In addition to Hancock County, Harrison, Jackson, Pearl River and Stone counties will receive shares of the funding.

Lott said it had not been determined how much each county will receive and officials are currently examining damage estimates.

## Bank issues 5,400 Christmas savings checks

Some 5,400 Christmas Club checks totaling almost \$1.7 million have been mailed to Hancock Bank customers.

"With more than \$1.6 million sent to more than 5,400 Christmas Club members in South Mississippi at this time, the money will add greatly to the economy of every community in our area if Christmas shoppers buy at home," said Leo W. Seal Jr., bank president.

The 1986 Christmas Club is open at all Hancock and Pascagoula-Moss Point Bank locations, Seal added.

## Bay police to increase traffic law enforcement

By BRENDA HEATHCOCK  
Bay St. Louis Police are implementing strict enforcement of all local traffic ordinances, Chief Ray Murphy reported.

"We are asking the cooperation of the public to slow down especially in the school zones," he added.

Murphy said in the past police have not enforced traffic ordinances to any great extent.

Traffic ordinances, Murphy said, which will be enforced include those pertaining to speed zones, stop signs, failure to yield right of way, improper lane usage and parking on the sidewalks.

Murphy also said police officers have been instructed to enforce laws dealing with child restraints.

"We're not trying to upset the public but instead just do the job that

they pay us to do," he said.

"We're not in the money-making business and there are no incentives of any kind for officers to write tickets other than doing their job," Murphy added.

In order to give area residents a chance to become more familiar with the stricter enforcement, Murphy said a warning system is being implemented.

Under the system a person stopped for the first time would be given a warning citation and their name would be recorded.

Officers will keep updated lists of persons who have received warnings, and those stopped for the second time will receive regular citations, the chief explained.

"We want people to understand that the speed limit is 25 miles per

hour unless otherwise posted," he said.

Murphy said this law is state-wide and ignorance of it is no excuse.

"In court ignorance is not a defense," he added.

According to Murphy, some \$2,000 worth of traffic regulation street signs have been ordered.

"We are not out to harass anyone but enforce these laws for the safety of the public," he said.

Murphy also plans to use advance newspaper notices to advise the public of what hours and in which areas his department plans to use radar to catch speeders.

Murphy said officers currently are issuing tickets to speeders as they are encountered on routine patrols.

Open House scheduled Monday at Bay High

## Assertive discipline program to be presented Tuesday

By BRENDA HEATHCOCK  
Assertive discipline will be the topic of a presentation by Billy Rhodes, assistant principal at Bay High School, at a Tuesday Parents for Quality Education Association meeting.

The program, scheduled for 7 p.m. at First Baptist Church on Main Street, will include a film and discussion on a program now being implemented at the high school and Bay Junior High.

"We invite all parents to give themselves the opportunity to understand an important part of school policy in which students are involved," said Peggy Smith, vice chairman of the association.

Recent projects the association has worked on include short lunch periods at North Bay Elementary,

establishing an Art Day at Waveland Elementary, scheduling an Open House at the high school and providing safer street crossings for students at the junior high school.

After observing the lunch periods and studying the lunch schedule at North Bay, it was concluded that Principal Roger James is doing the "best job possible" in scheduling the 527 students during lunchtime.

According to Barbara Boston, the classes receiving the short lunch period is alternated so that one group of students does not always have the short time.

Following a discussion with Waveland Elementary Principal James Baldrée and members of the association, Linda Gordon reported

nothing conclusive was settled regarding the Art Day at the school. Lana Noonan and Pat Barber reported a successful response from their inquiry to Principal Frank Ladner about an Open House at the senior high school. The Open House will be Monday from 6:30 to 8:30 p.m.

Crosswalk lines, patrol safety uniforms and traffic safety signs are all expected results from efforts by Rev. and Mrs. Nathan Barber and Smith to improve the traffic situation at the junior high school.

They reported immediate interest by Mayor Victor Frankiewicz Jr. and Police Chief Ray Murphy in preventing any accidents in the area by increased safety policies.

## Story Hour titles listed

Story Hour is presented every Thursday at 10:30 a.m. at the City-County Library on US-90.

The 20- to 30-minute program includes picture books, finger plays, activities and films.

"Good As New" by Barbara Douglas is the first story this week.

"This Little Bear," a finger play, will be performed between stories.

"Not This Bear" by Bernice Myers is the second book. "If You Met A Bear In The Jungle," a poem, will be presented next.

"Bertie And The Bear" by Pamela Allen will also be read.

Story Hour will conclude with the filmstrip, "A Kiss For Little Bear."

## 1985 District VIII 3-A champs

# Tigers defeat Purvis, go into state play-offs

**DISTRICT VIII 3-A CHAMPS**—A group of Bay High Tigers display the District VIII 3-A Championship Trophy Friday after their victory over northern division

winner Purvis. From left are Jerry Island, Trace McRaney, Butch Pierce, Stace McRaney, Craig Breland and Greg Necalse. (Staff photo by Dena Bisnette)

BY DENA BISNETTE

The Bay St. High School Tigers advanced to the first round of state play-offs Friday and captured the District VIII Class 3-A championship by defeating the Purvis High Tornadoes 27-13.

In front of stands filled with a hometown crowd that followed the Tigers to Purvis, Bay High became the first southern division champion in District VIII play-offs to beat the northern division champion.

Next week, Bay High will face Magee at an as yet undetermined location.

"We had a total team effort on both offense and defense," said Tiger Head Coach Cleveland Williams.

"We had a good first half and a real good second half."

"Everybody we had gave us 100 percent."

"It's just too difficult to single out anybody as outstanding because they all did a tremendous job. The defense did a heck of a job; Purvis completed a couple of good passes on us but that was about the size of it," Assistant Coach G.L. McRaney added.

"We had a good offensive and defensive game plan and it worked the way we wanted it to work. We had good ball control on the ground

and passed only when we had to. We ate up a lot of clock on the ground game and that's what we wanted to do."

"Our game plan was perfect tonight," Williams said after the victory. "We had expected a tough, tough ballgame from Purvis and that's what we got."

"We firmly believed we could win this ballgame," McRaney said. "One thing we were well pleased with is, although we got some major penalties, we were able to hold those to a minimum."

"On offense, our kids did a good job of rushing their passes and we kept them down to a lot of long yardage."

The Tigers opened the scoring on their second drive with a short run up the middle by Aaron Whavers.

The PAT attempt failed and the Tigers led by six with 3:08 to go in the first quarter.

The Tigers scored their second touchdown almost back-to-back with the first when Willie Lewis recovered a Purvis fumble on the Tornado 25 and ran it over the goal line.

Stace McRaney kicked a PAT to increase Bay High's lead to 13 points with three minutes left in the quarter.

In second quarter action, Quentin

Bell passed to Matt Fairconnetue for 30 yards and a touchdown. McRaney put his foot to work again on the PAT and the Tigers led 20-0 going into the second half.

The Purvis defense was able to keep Bay High scoreless for the third quarter, but late in the quarter the Tigers started a drive that put them on the Tornado three with only seconds to go.

As the whistle blew to end the quarter, Lewis took a hand-off from Bell and ran around the right side for a touchdown.

McRaney's PAT gave the tigers a 27-point lead.

In the fourth quarter, the Purvis offense rallied and scored twice, first on a 40-yard pass play with a successful PAT kick with about 11:08 to go.

The Tornadoes raised their score to 13 on a second pass play, which gained six points and 15 yards. Bay High's Nasty Bunch Defense blocked a two-point conversion attempt.

The final score stood at 27-13.

Bay High was able to gain a total of 191 yards rushing and 50 yards passing for the game, with Lewis as leading ground gainer with 66 yards.

Purvis was held to a 12-yard deficit in rushing but was more successful with the passing game, gaining 127 yards in the air.

### Bay-Waveland Garden Club

Members of the Bay-Waveland Garden Club met at 2 p.m. Thursday, Nov. 14 at the Garden Center, 114 Leonhard Avenue, Bay St. Louis.

The meeting was called to order by the president, Mrs. John Newkirk. Mrs. W. P. Hilliker gave the Devotion, followed by the Pledge of Allegiance.

Garden Clubs in Mississippi have sent an ornament for the Christmas tree at the State Headquarters in Greenwood.

Mrs. Bobby Underwood made an ornament from a sand dollar, representative of this area, as the donation from the Bay-Waveland Garden Club.

Mrs. John Holmes said Bay-Waveland High School Gardeners made an ornament for the children's Christmas tree at the State Headquarters.

The High School Gardeners also entered an educational exhibit in a recent Coast Council Flower Show held at Edgewater Mall.

A letter was read from Girl Scout Troop No. 27 thanking members of the Bay-Waveland Garden Club for their sponsorship.

Mrs. Jack Hively reported on the life and habits of the Monarch Butterfly which is so prevalent in this area.

The Commercial Beautification award was presented to the Water Tower Plaza, US-90, Waveland.

Judge and Mrs. J. Ruble Griffin, 1619 Sunset Drive, were given the November Garden of the Month award for Bay St. Louis.

Floral arrangements were placed in the Bay St. Louis Library by Mrs. Mabel Norgress, and in the Waveland Library by Mrs. Neil Jeffrey.

Mrs. John Holmes announced that Flower Show School V held in Waveland was very successful and well attended, even though Hurricane Juan was in the area at that time.

As part of an environmental program being sponsored by the Bay-Waveland Garden Club, members will present a skit at North Bay Elementary School in Bay St. Louis and Waveland Elementary School on Thursday, Nov. 21.

The purpose of the skit is to encourage students to participate in an anti-litter and anti-pollution poster contest sponsored by the club.

Awards will be given to the student winners, and teaching tools on environment will be presented to the schools.

Mrs. Ethelene Connors, founder of "The Societe Des Arbres" (Society of the Trees) and a member of the Ocean Springs Garden Club, spoke on how to determine the age of trees and how to register them with the Societe.

The Gulf Regional Planning Commission and the Garden Clubs of Mississippi, Inc., helped in organization of the Societe in 1971.

The group has been very active in the registering and preserving of trees in Jackson and Harrison counties and would like to be more active in Hancock County, she said.

The archives of the registrations are in the Public Library in Ocean Springs and contain registrations from other states such as Louisiana and Alabama and as far away as Minnesota.

Mrs. Connors stated trees should be preserved not only for their beauty, but because they are natural pollution fighters and energy savers.

Following the meeting refreshments were served by Mrs. Julian Lorenzen, chairman; Mrs. D. Joy Burnett, Mrs. John Cook, Mrs. Fred Bookhardt, Mrs. Bobby Underwood, Mrs. Randle Hutton, Mrs. John Eble, Mrs. Fred Logan and Mrs. James Shadoin.

Coffee was served by Mrs. Edward Brennan and Mrs. Shadoin served wine.

### Jourdan River Property Assn.

The club house in Jourdan River Shores was the setting for a gala Halloween party given by the Property Owners Association. It was decorated in Halloween colors with natural hay, corn stalks and pumpkins. Several prizes were presented for the best costumes. It was a fun evening enjoyed by all.

Co-chairmen of the entertainment committee were Mrs. Jimmy Patten, Mrs. Rita Barrau, assisted by Mr. C. Patten, Mr. S. Banan and Mr. and Mrs. R. Jacobson.

### American Legion Auxiliary

The American Legion Auxiliary Unit 139 and the Crafty Homemakers Extension Club co-sponsored a 'Sing-a-Long' at the Hotel Reed Nursing and Retirement Home on Nov. 7.

Mrs. Minnie Geiger, Mrs. Beatrice Ladner, Mrs. Oris Planchard, and Mrs. Roslyn Weathers were among the participants.

Mrs. Planchard supplied the background music and Mrs. Weathers led the singing. Many of the residents took part in singing and a good time was had by all.

### Gulf Coast Council Gardeners

The Nov. 1 meeting of the Gulf Coast Council of Garden Clubs at Orange Grove Library was hosted by Gulfport and Northwood Hills. The meeting was called to order by President Mrs. W. W. Dreher. Mrs. James Doyle extended welcoming remarks. Mrs. Julia Davis led the Pledge of Allegiance and Mrs. Carter Gerald gave the devotional.

Mrs. John Drever announced the scrapbook winners. Class I (up to 29 members) first place, Bay Vista; second place, Woodglan Garden Club.

Class II (30 to 59 members) first place, Dogwood Garden Club; second place, Ocean Springs Garden Club.

Class III (60 and over) first place, Diamondhead Garden Club; second place, Bay-Waveland; third place, Gulfport; honorable mention, Pass Christian.

Mrs. Regina Kietzer presented the program, slides from the Oct. 12 'Cosmos '85 Adventures Unlimited' Flower Show, held at Edgewater Mall, Biloxi.

Blue ribbon winners in design were Mrs. Arnold Kietzer, Ms. Bertha Giani, Ms. Pat Strain (2), Mrs. Tim McCabe, Mrs. John Holmes, Mrs. Lucile Culbreth (3), Ms. Fanny May, Mrs. Ernest Martin III, Mrs. John Musgrove.

Top Design Awards were won by Mrs. Arnold Kietzer, Creativity Award-Pratt Award; Mrs. John Holmes, Creativity Award-Avar Award; Mrs. Thomas W. Culbreth, Award of Distinction-Gregurich Award; Mrs. Ernest Martin III, Creativity Award.

Top Horticulture Awards were won by Mrs. Louise Bishop, Award of Merit; Mrs. John Musgrove, Award of Merit; Mrs. Author French, Arboreal Award; Mrs. Charles Benefield, Award of Merit; Ms. Anne Matthews, Award of Horticultural Excellence; Mrs. John Musgrove, Sweepstake Award.

Special Exhibits Awards of Appreciation were won by Mrs. John Hazard and Ms. Heather Holfield.

Special thanks is extended to Mr. Gerald O'Neil, manager of Mississippi Music Store; Mrs. Esther Stanton, Mr. Robert Moody and Mr. Leon Kelter donating their time.

The next meeting will be Feb. 7, 1986 at Long Beach Garden Club located on Fifth and Burke.

### Friendship Oak DAR

Susan Elaine Morton of Long Beach was installed as a member of the Friendship Oak Chapter, National Society Daughters of the American Revolution on Saturday by the chapter's regent, Mrs. Philip Davenport of Bay St. Louis, when the membership assembled for a combination luncheon and business meeting held in the Ramada Inn of Long Beach.

Mrs. Morton with her husband, Robert L. Morton, are residents of Partridge Place in Long Beach, and she is a teacher in the Bay St. Louis High School.

During the business session following the luncheon, a nominating committee was named including Mrs. George Cassis of Diamondhead serving as chairman, and committee members include Mmes. James E. Young, Robert C. Willems, James R. Thomas, Ms. Kathrine Shedd, all of Long Beach, and Mrs. Nunez C. (Joe) Pilet of Bay St. Louis. This committee will submit a slate of officers to serve during the 1986-89 session.

Delegates appointed to attend the State Conference to be held in Jackson on Feb. 20-22 include Mrs. Thomas Davenport, also Mrs. William J. Gemmell of Diamondhead, Mrs. Hazel Erhardt of Long Beach and Mrs. Pilet. Alternates will be appointed from the active membership list, the regent said.

The after luncheon speaker, Mrs. Mary Lee McCracken of Virginia was introduced by Mrs. Thomas as "one of the most sought after speakers of our generation." Mrs. McCracken discussed America's first ladies, beginning with Princess Pocahontas (she was christened Rebecca when she denounced idolatry and confessed her Christian faith). Many little-known incidents in the life of Pocahontas were revealed, including preparations made for her introduction in the Court of England.

All rituals of the DAR meetings were observed, including a message from the National Defender read by Mrs. Mark Payne, and the message of the President General given by Mrs. Rhomas.

The next regular meeting of the chapter is scheduled for Thursday, Dec. 5, at the Ramada Inn of Long Beach with business; Mrs. William E. O'Hare, Mississippi's state regent, whose home is in Cleveland, Miss. Mrs. O'Hare will discuss the history of the Mississippi Daughters at that time.

## Bay Junior Auxiliary hosts regional meet

BY DENA BISNETTE

The Bay St. Louis Junior Auxiliary Chapter recently hosted eight other chapters and national officers at the organization's Region VII meeting at Diamondhead.

Many of the issues discussed at the meeting dealt with children, the primary focus of Junior Auxiliary service projects nationwide.

Workshops were also provided by national officers, who addressed subjects including legislative advocacy, chapter presidency and provisional training.

Guest speakers included Margaret Brooks, national Junior Auxiliary president; Kathleen McCaffery of the National Committee for Prevention of Child Abuse; Ann Wilson, Mississippi Republican Women chairman; Dr. Don Fontenelle, director of the St. Bernard, La., Developmental Center; Darlene Underwood, Hancock County Extension Service home economist; and Kelly Beavers, substance abuse coordinator at North Shore Psychiatric Hospital in Hammond, La.

Presentations by McCaffery, Fontenelle and others reflected the Junior Auxiliary's focus on children. Fontenelle spoke on recognition of appropriate teenage behavior.

According to Fontenelle, the major change that occurs when a child becomes a teenager is in his attitude toward his parents.

"The kids get to be real smart and you're real stupid," he explained.

Common problems parents must face include defiant behavior, desire for more time alone and poor grades resulting from inattention to school.

"We as parents become confused too. We don't know why kids do these things, and most of the time they don't know. They respond to their environment," Fontenelle explained.

He provided Junior Auxiliary members with advice on managing such behavior.

"One of the most important things is to be consistent," he cautioned. "Both parents need to have similar rules because kids are good at using inconsistent ones to manipulate."

He said parents should try to use natural consequences to guide their teenagers' behavior.

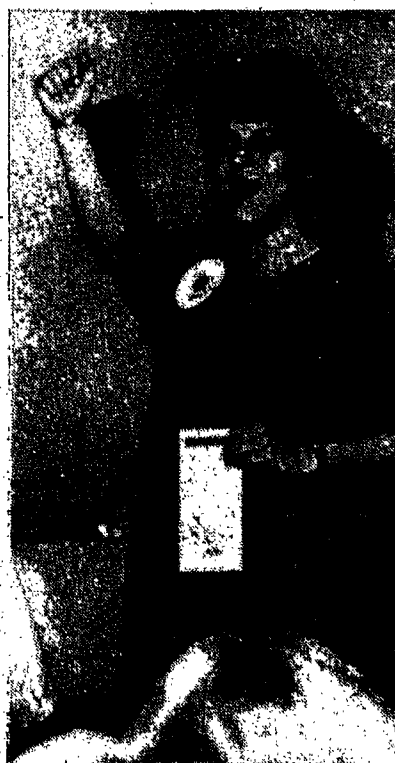

"If your son leaves his favorite shirt under his bed and it's missed when the laundry is collected, and then wants to wear it and finds it hasn't been washed, he'll learn to put his dirty clothes where they are supposed to be," Fontenelle said.

He also said teenagers should clearly understand what is expected of them and what consequences they will face if they do not fulfill those expectations.

In addition, teenagers should be rewarded in some way for good behavior.

MARY COLLEEN ENRIGHT

## Green-Caro

Mrs. Betty Green of Clermont Harbor announces the engagement of her daughter, Rea Ann Green, to Brian Joseph Caro, son of Inez and Joseph Caro of Waveland.

The bride-elect attended Hancock North Central High School in Hancock County.

The prospective groom attended Bay High School and Pearl River Junior College. He is employed with West Building Materials in Bay St. Louis.

The couple will solemnize vows in an afternoon ceremony in January 1986 in St. Clare Catholic Church.

REA ANN GREEN

MR. AND MRS. MITCHEL DARIN KEGLEY

## Enright-Magee

Dr. and Mrs. John R. Enright of Lake Charles, La., announce the engagement of their daughter, Mary Colleen, to Michael Scott Magee, son of Mr. and Mrs. Robert V. Magee of Bay St. Louis.

The bride-elect is a granddaughter of Mr. and Mrs. Clarence Edward Enright Sr. of Sicily Island, La. and Mrs. Evelyn Moreau of Marksville, La.

Miss Enright is a graduate of St. Louis High School, Lake Charles, La. and presently attends McNeese State University School of Nursing.

The prospective groom is a grand-

son of Mrs. Wilder Magee of Tyler-town and the late Cooper R. Magee and the late Mr. and Mrs. F. L. Wood of Franklinton, La.

Mr. Magee is a graduate of Bay Senior High School and received a Bachelor of Science degree in Petroleum Engineering from Mississippi State University. He is employed with Mobil Oil in Lake Charles.

The couple will be married at Our Lady Queen of Heaven Catholic Church in Lake Charles Saturday, December 14, at 11 a.m.

## Northcutt-Clifton

MRS. BRUCE NORTHCUTT

The marriage of Karen Elizabeth Clifton and Bruce Northcutt, both of Houston, Tex., was solemnized at the First Baptist Church of Houston at 7 p.m. on November 9 in a candlelight ceremony.

The bride's gown of candlelight satin featured a bodice of Alencon lace encrusted with seed pearls and iridescent sequins and a cathedral train. Her bouquet was a cascade of white roses and ivy with her great-grandmother's ivory prayer book mounted in the center.

A headpiece of ivory satin cording and Alencon lace formed a halo effect with height at the back and swirls of satin and silk flowers. The entire headpiece was lavishly beaded with pearls, sequins and crystal beads caught to the headpiece.

The attendants wore identical

gowns of royal blue moire taffeta each fashioned with a sweetheart neckline and puffed sleeves, sashed at the waist and tied at the back with a bow. The skirts were softly gathered and worn slipper-length.

The mother of the bride wore a floor-length gown of cerise wool crepe and carried a cymbidium orchid. The mother of the groom was attired in a slipper-length mauve gown with a sequined bodice.

The bride is the daughter of David and Harriet Clifton of Houston, the granddaughter of the late Harry and Juanita Ward and the great-granddaughter of Forest and Edwina Luke, both deceased, all of Bay St. Louis.

The groom is the son of Mr. and Mrs. Jim Northcutt of Lubbock, Texas.

## Kegley-Moran

Anita Fay Moran and Mitchel Darin Kegley, both of Pensacola, Fla., were united in marriage on Saturday afternoon, November 9th, at Our Lady of the Gulf Catholic Church. Monsignor James P. McGough, pastor, and the bride's pastor during her childhood in Hattiesburg, officiated at the late afternoon ceremony. A program of nuptial music preceded the wedding vows.

Parents of the bride are Mr. and Mrs. John Daniel Moran of Pass Christian. The groom's parents are Mr. and Mrs. Willis Kegley I of Mobile, Ala.

Escorted to the altar by her father, the bride wore a Victorian style gown of traditional white satin with a cathedral length train. The fitted bodice featured a high lace collar embroidered on an English net yoke, and re-embroidered lace over white satin, accented with iridescent and pearls, formed the basque waist. Leg-o-mutton upper sleeves of white satin above elbow-to-wrist lace lower sleeves tapered to a point at the wrists. Motifs of lace were re-embroidered on the puffed upper sleeves and over the full skirt, and formed the lower edge of the train.

Her chapel-length veil of illusion flowed from a headpiece of layered Alencon lace accented with pearls, and the blusher fell in front to the waist. Her cascade bouquet was

fashioned of miniature peach roses and rose buds interspersed with stephanotis and baby ivy.

The ceremony was performed against a background of candelabra arrangements of white carnations and gladioli, and baskets of white mums, palms and ferns were banked behind the cut flowers.

Mrs. Marie M. Breland of Hattiesburg attended her sister as matron-of-honor. Bridal attendants were Renae Kegley of Mobile, sister of the groom, and Mrs. Shirley Ann Garris of Hattiesburg.

Mr. Willis B. Kegley II of Fernandino Beach, Fla., served his brother as best man, and groomsmen were Frank Southall and Scott Johnson of Mobile.

Ushers were Allan Crow of Mobile and Robert Perkins of Pensacola. A reception at the Bay St. Louis American Legion Home immediately followed the ceremony.

After a wedding trip to south Florida, the couple will be making their home in Pensacola.

### PRE-NUP TIAL PARTIES

On October 8, the prospective bride and groom were honored with an engagement party hosted by the bride's parents at their home in rural Harrison County. Mr. and Mrs. Willis Bryan Kegley I, parents of the groom, hosted a rehearsal dinner at the Landmark Restaurant in Bay St. Louis on the eve of the wedding.

MRS. KEVIN HOLIDAY PARIS

## Paris-Beyer

Allison Pierpont Beyer, daughter of Mr. and Mrs. Edward Flood Beyer of Darien, Conn., recently married Kevin Holiday Paris, a son of Mrs. Agnes Paris of New Canaan, Conn., and Mr. Donald Paris of Hamilton, Ontario, Canada. The Reverend Leonard Buxton of New York City performed the ceremony on November 2nd at the United Methodist Church of Darien.

Jutta Dorothea Perbix was maid of honor. Thomas Francis Lanigan was the best man for his brother.

Bridesmaids were Amy Horner of Nashville, Tenn., and Lisa Beyer of Vienna, Va., a cousin of the bride.

Ushers were Joseph Breneman of Newark, Ohio, William Cochrane of Parkersburg, W.V., Anthony Oberhaus of Tarrytown, N.Y., and the brother of the bride, Edward Douglas Beyer of Darien.

Mrs. Paris is a graduate of Greens Farms Academy and attended Vanderbilt University.

The bride is the granddaughter of the late Rear Admiral (U.S.N.R.) and Mrs. Edward Flood Beyer of Bay St. Louis and the late Rear Admiral (M.C., U.S.N.) and Mrs. James Chambers Pryor of Brooklyn Heights, Brooklyn, N.Y. and Washington, DC.

Mr. Paris is a graduate of New Canaan High School and Ohio Wesleyan University. He is district sales representative for CBS Magazine Marketing, a national distributor of magazines.

Mr. Paris is the grandson of the late Mr. and Mrs. Michael Paris of Rochester, N.Y., and the late Mr. and Mrs. Thomas Mills of Washington, DC.

### 24-HOUR EMERGENCY CARE

When accidents happen or illness  
strikes, the need for prompt, expert  
medical care can be critical.

Now you can have peace of mind,  
knowing that 24-hour emergency care  
is only minutes away.

NorthShore Regional Medical Center  
offers complete round-the-clock  
emergency medical services:

•The only ambulance service on  
the North Shore with 24-hour coverage  
by national registered paramedics,  
from the emergency site to the hospital.  
Registered paramedics are specialists  
in recognizing and responding to  
life-threatening crises.

•A highly skilled, caring emergency  
and trauma staff, backed by our medical  
staff of leading area physicians.

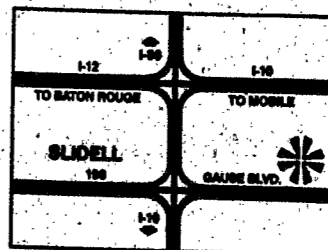

•State-of-the-art equipment in ambulances  
and the Emergency Room.

### Another advantage: tiered-pricing

Tiered-pricing means that you pay only  
for the degree of care you require.

Unlike most hospitals, NorthShore does  
not charge a flat fee for Emergency  
Room admissions. In other words,  
a sore throat doesn't cost you as much  
as a serious fracture.

For yourself and your loved ones, remember  
NorthShore's 24-Hour Emergency Care Ambulance  
Service: 648-5050. Outside Louisiana,  
call toll-free: 1-800-344-6895.

1 mile south of the I-10, I-12  
and I-59 intersection. Adjacent to the  
Gause Blvd. (190) exit, east of I-10.

### STATE OF MISSISSIPPI COUNTY OF HANCOCK NOTICE OF TRUSTEE'S SALE

WHEREAS, the Trustee Tripodi made and executed a certain deed of trust on the 1st day of August, 1985, to Byron Jake Stockstill, Trustee, for the benefit of the Gulf Coast Mosquito Control Commission, which said deed of trust is recorded in Land Trust Deed Book 279, pages 534-536 in the office of the Chancery Clerk of Hancock County, Mississippi; and

WHEREAS, default having been made in the terms and conditions of said deed of trust, and the entire debt secured thereby having been declared to be due and payable in accordance with the terms of said deed of trust, and the legal holder of said indebtedness, James A. Stockstill, having requested the undersigned Trustee to execute the trust and sell said land and property in accordance with the terms of said deed of trust for the purpose of raising the sums due thereunder, together with attorney's fees and trustee's fees and expenses of said sale;

NOW, THEREFORE, I, Byron Jake Stockstill, Trustee in said deed of trust, will on the 3rd day of December, 1985, offer for sale at public outcry and sell within legal hours, being between the hours of 11:00 a.m. and 4:00 p.m., at the East Front Door of the County Courthouse of Hancock County, Mississippi, for cash to the highest bidder therefor, the real property described in said deed of trust as follows, to-wit:

Commencing at the Northeast corner of the Northwest Quarter of the Northwest Quarter of Section 3, Township 7 South, Range 15 West, Hancock County, Mississippi; thence South 10 degrees 30 minutes 17 seconds West 87.43 feet to the place of beginning; thence West 52.30 feet to the East right of way of Highway No. 43; thence South 44 degrees 22 minutes 42 seconds East 224.84 feet to an existing 2" pipe in said right of way and in the East line of the Southwest Quarter of the Northwest Quarter; thence North 0 degrees 50 minutes 17 seconds East 616.00 feet to the place of beginning and containing 4.00 acres, more or less, and being a part of the Northwest Quarter of Section 3, Township 7 South, Range 15 West, Hancock County, Mississippi.

The title to the above described property is believed to be good, but I will convey only such title as is vested in me as Trustee.

WITNESS my signature on this, the 5th day of November, 1985.

BYRON JAKE STOCKSTILL
